

Team Number:

School Name: YWIC

Area of Science: Behavioral and Social Science

Project Title: Musically Inclined

Some people have the ability to perform at a higher success rate if they are listening to music. We decided to put that idea to the test. Over the course of this year we will be interviewing and quizzing our peers to see if when they perform a task with music if they will have a higher success than when they don't. We plan to graph our data, make models, examples, and produce answers.

Team Members:

- Hailey Himelright
- Verity Summers
- Louis Pate
